The result is high-fidelity ball physics and more accurate, intelligent player movement. To see what “HyperMotion Technology” will bring to your next FIFA match, visit [FIFA.com](https://www.fifa.com). Future FIFA games will offer up to 2,000 motions, providing unprecedented depth of control over every aspect of your player’s foot movement. All players will move in a more natural manner, and the total number of possible movement combinations has been expanded to 4 million. FIFA 22 offers the best gameplay innovations of the previous FIFA games in a

---

career mode designed to make you truly feel like a pro. Plus, you can now choose from six completely customizable stadiums plus a massive update to Create-a-Club to give you almost limitless customization possibilities. Players The latest evolution in FIFA's player models unlocks the full potential of the 3D engine to deliver the biggest and most photorealistic player models ever seen in FIFA. True Player Modeling FIFA 22 introduces "True Player Modeling" (TPM), a brand new, fully groundbreaking player model that gives players a fully scalable skeleton based on comprehensive data from real-life players. This will mean increased authenticity, reduced model size and higher performance. In addition, the new player

---

movement system captures real-life data from real-world players to improve FIFA's physics, allowing you to truly feel like a real pro. The most gameplay-oriented player model to date Team Play Today, players on different teams all play as a single player for the majority of the match. In FIFA 22, teams take on the identity of their players, meaning that every match you play will realistically look like a team game. To give every player the freedom to express themselves, Team AI can now make intelligent decisions and take advantage of unique player abilities. Screenshots from FIFA 11 (left) and FIFA 22 (right) Predefined Team Defences FIFA 11 introduced the concept of "Team Defences," which defined the way in which players would play the

match based on their positioning on the pitch. These were a simple way to visually define and align the players to four different “X”-shaped formations. The new 3D engine allows for much more complex defensive structures, as well as different formations, and players can now be placed anywhere on the

### **Fifa 22 Features Key:**

- **Live in the game.** Re-live the game with an enhanced perspective of the pitch. A new Full-Motion Soccer broadcast and a new line of commentary tracks complete the new broadcast coverage, while player and match improvements and new gameplay elements take the game to the next level.
- **On the ball with new ball control.** The ball is controlled using foot and face controls and new player commands further increase immersion. Get up, step, flip – controlling the ball under pressure and running forwards and backwards is more intuitive than ever before, and even better, use a combination of these moves to control the ball in any direction, on any part of the pitch.
- **Pro AI.** Player-to-player behaviour is improved for smarter, more realistic confrontations and heightened goal-scoring opportunities.
- **Control the pitch.** Play FIFA 22 as the referee and control goal-line technology with full ball control.
- **Take control of tactics.** Full control of formations and lineups with improved match detail.
- **Customise players and teams.** Create your Ultimate Team’s squad and use new settings

---

to personalise your player appearances, kits and colours.

- **Play more competitively.** Improved opposition AI, tactics, quality of service, ball physics and a new defensive system.
- **Create, share and compete in online matches.** Play head-to-head online multiplayer matches and use in-game social features to organise your matches, invite friends and collaborate on FIFA Ultimate Team.
- **FIFA Ultimate Team.** Build your Ultimate Team of 22 players from around the globe and win prestigious club competitions by recruiting world-class football stars. Upgrade and adapt your tactics, formations and style to command victory. Share your FUT team with friends on all of the major social networks and see your opponents react.
- **New presentation.** Get closer to the game with new presentation elements and commentary lines for the most accurate reproduction of the game.
- **FIFA '22 The Journey, a new story, and more of the same.** Join the new narrative journey of FIFA through more online storylines, offline challenges, club career and
